STEPS

Strengthening Ties and Empowering Parents

Family Support Services of North Florida (FSS) prevention service program, STEPS, helps empower, strengthen and promote healthy families by offering direct services and linking them to community resources in order to prevent abuse and neglect.

STEPS supports prevention in child welfare activities through its service center network and contracted community providers. Prevention services are available to all families in Duval and Nassau Counties.

Referrals may be made for financial assistance, transportation needs, food or clothing and/or families needing parenting support.
